

NETWORK CABLE CAT 6 (OUTDOOR)

Built For The Elements, Designed For Excellence

Weather Resistant

Designed for Outdoor Installations

Reliable Connectivity

Stable Performance in Harsh Conditions

Durable & Long Lasting

Built for Long-Term Use

LDPE / LSZH Jacket (Outer)

Inner PVC Jacket

Copper Conductor

HDPE Insulation

Central Cross Filler

SPECIFICATIONS

Model	TD-5CT6-305 Outdoor
Cable Type	CAT 6 UTP (Outdoor)
Conductor	23AWG, Solid Bare Electrolytic Grade Copper with Polyethylene Insulation
Pairs	4 Pairs Unshielded UTP
Filler	Yes. Central Slit Film Cross Filler
Inner Jacket Material	PVC
Outer Jacket Material	PE
Colour of Jacket	Black
Thickness of Inner Jacket	0.45 mm ± 0.05 mm
Thickness of Outer Jacket	0.65 mm ± 0.05 mm
Sheath Thickness	0.5 ± 0.15 mm
Cable Diameter	7.2 mm (nominal)
Length	305 Meters (1000 Ft)

KEY FEATURES

- ✓ High quality solid copper conductor
- ✓ Weather resistant outer PE jacket for outdoor use
- ✓ 4 pairs UTP for stable network performance
- ✓ Central cross filler for better pair separation
- ✓ Durable and UV resistant jacket
- ✓ Supports high-speed data transmission
- ✓ Suitable for CCTV, networking and outdoor installations
- ✓ Available in 305 meter (1000 ft) variant

APPLICATIONS

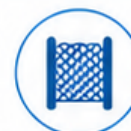

CCTV Surveillance

Outdoor Networking

Industrial Applications

Perimeter Security
